Description

The amazing artistry of this console is recognized as each piece is individually hand-crafted from a solid piece of teak wood. Our furniture makers have incorporated the natural shape of the tree into their design, allowing you to see the beauty and intricacy of the tree. Each console table is as unique as the tree it is made of. Truly, a one-of-a-kind, statement-making work of art.

Teak Wood is the most durable and weather-proof of all hardwoods. Teak is known to be the strongest wood in the world and is native to South East Asia. The natural oils the wood produces allows it to be used outdoors year-round, where it develops a beautiful silver-grey patina.
