Short Description

- Made of Teak wood
- Dimensions: 47"L 14"W 30"H
- Wipe with damp cloth
- Ship Via: Motor Freight
- Imported

Description

This unique teak console table is purposed from teak wood collected off the islands of Indonesia and crafted into this soft white signature piece. Our craftspeople construct this console table using teak branches of various diameters carefully nailing them one by one until the piece is structurally complete. It's perfect to use behind a sofa or a stand-alone console table and promises to be a conversation starter. Available to order with or without a glass top.

Teak Wood is the most durable and weather-proof of all hardwoods. Teak is known to be the strongest wood in the world and is native to South East Asia. The natural oils the wood produces allows it to be used outdoors year-round, where it develops a beautiful silver-grey patina.

Also available as a side table with or without glass.
