Description

The amazing artistry of this piece is recognized as each piece is individually hand-crafted to look like a solid piece of teak wood. Each piece of wood is carefully selected, sliced and assembled, to create this perfectly sized round teak slice coffee table. Truly, a one-of-a-kind, statement-making work of art.

New life is given to salvaged teak wood reclaimed from South East Asia. Its beauty and durability is treasured in each piece created.

Also available as a stool.
