- Imported

Description

A solid piece of teak is cut and sanded into a large ball shape and mounted on an iron stand creating a unique one of a kind impressive sculpture. Truly an artistic statement piece for any decor.

Teak Wood is the most durable and weather-proof of all hardwoods. Teak is known to be the strongest wood in the world and is native to South East Asia. The natural oils the wood produces allows it to be used outdoors year-round, where it develops a beautiful silver-grey patina.

Assorted style artistic sculptures available.
