Description

Handcrafted in Bali, artisan glassblowers allow the molten glass vessel to sink into the corners and ridges of rustic driftwood assuming the natural shape of the root base. Creating a true one of a kind organic sculpture with earthly intrigue, this unique piece of art can be used as a terrarium, a bowl for treasures, a vase for cut flowers, a fish bowl or as a standalone tabletop accent. View inspirations of nature from all directions with a different look from every angle promising to be a favorite in your collection of art

Driftwood is a unique 'found' object gathered from the beaches of South East Asia.

Available in 3 sizes, small, medium and large.
